

# BRADY BILLEISEN

Nashville, TN | P: +1 (317)-690-6072 | bradybilleisen@gmail.com | <https://bradybilleisenportfolio.netlify.app/>

## EDUCATION

---

**VANDERBILT UNIVERSITY CODING BOOTCAMP** | Certificate in Full Stack Development April 2023 - Oct 2023

Cumulative GPA: 3.85

Relevant Coursework: Software Engineering; Operating Systems; Algorithms; Data Structures; System Design

**HACK REACTOR SOFTWARE ENGINEERING BOOTCAMP** | Aug 2022 - Jan 2023 | Transferred to Vanderbilt University Coding Bootcamp

## UNIVERSITY PROJECTS

---

**ESO ClassGuides** | June 2023 | Grade: 98% | <https://brady-billeisen.github.io/eso-class-guide-app/>

- Designed and implemented an interactive front-end application tailored specifically to help players of the game Elder Scrolls Online by pulling the most popular posts relevant to your class choice, from Reddit & Youtube
- Developed the app using JavaScript, JQuery, HTML, CSS, Bootstrap, Reddit's API, and Youtube's API.
- Presented a creative and professional pitch for the application, to the class and instructor.
- Application was deployed using GitHub Pages.

**Granular Garden** | Aug 2023 | Grade: 95% | <https://frozen-tor-00446-d883d20dd32e.herokuapp.com/>

- Worked with a team of 4 to design and implement a new and unique music streaming platform that caters to the artist, just as much as it does to the user.
- Developed the app using the MVC framework, JavaScript, Handlebars, CSS, Express.js & Node.js to create a RESTful API, MySQL & Sequelize ORM for the database, and environment variables to protect sensitive information.
- Team was made up of 3 back-end engineers, and then myself leading the front-end as well as troubleshooting errors to correct the back-end of the application.
- Presented a creative and professional pitch for the application, to the class and instructor.
- Application was deployed using Heroku.

**Cozy Corner** | Sept 2023 | Grade: 95% | <https://cozy-corner-9b91c31f9b05.herokuapp.com/>

- Worked with a team of 4 to design and implement an application for avid readers to search for, post about, review, and comment on books they have or are planning on reading.
- Developed the app using the MERN framework, JavaScript, React.js, CSS, Express.js, Apollo Server, & Node.js to create a RESTful API, MongoDB & the Mongoose ODM for the database, JWT for authentication, and environment variables to protect sensitive information.
- Team was made up of 3 back-end engineers, and then myself leading the front-end.
- Presented a creative and professional pitch for the application, to the class and instructor.
- Application was deployed using Heroku.

## TECHNICAL SKILLS

---

JavaScript | Python | HTML | CSS | JQuery | Node.js | Express.js | MySQL | MongoDB | Django  
React.js | Apollo GraphQL | Django Framework | MERN Framework | MVC Framework | Progressive Web Apps  
CLI Development | API Development | ORM (Object-Relational Mapping) | OOP (Object-Oriented Programming)  
JSON | Data Structures | Algorithms | Bootstrap | Tailwind | DOM Manipulation | Git | VS Code

## WORK EXPERIENCE

---

### **GUITAR CENTER/MUSICIANS FRIEND** | Outbound Sales Advisor/Account Executive | Nov 2020 - Jan 2022

Indianapolis, IN

- Provided sales support and exceptional customer service to a sophisticated portfolio of band and orchestra players, as well as businesses such as clubs and churches.
- Consistently led the sales team and maintained a top-20 ranking out of 500 sales associates in the company for six consecutive months.
- Won a company wide sales contest and received a performance bonus for leading the company in Asurion coverage attach rates.
- Generated \$500,000 in sales within the first year while consistently meeting daily call goals of 80 outbound and 20 inbound calls.

### **MCCONNELL'S FINE ICE CREAMS** | Assistant Store Manager | Oct 2019 - Aug 2020

Los Angeles (Pacific Palisades), CA

- Trained, coached, and developed team members, fostering a positive company culture.
- Delegated tasks and closely monitored performance to ensure efficiency and adherence to company standards.
- Managed inventory levels and facilitated ordering processes to ensure smooth operations.

### **HOTBOX PIZZA** | Manager | May 2017 - Aug 2019

Westfield/Whitestown, IN

- Led a team of pie makers, cashiers, and delivery drivers while maintaining company standards for customer service.
- Managed all cash inventory through each shift and was responsible for paying out employees for their shift as well as making deposits to the bank.
- Managed product inventory levels, as well as made sure all items needed for that given night were prepped and ready to go.

### **WHICH WICH** | Shift Lead | Jan 2016 - May 2017

Westfield/Whitestown, IN

- Led a team of sandwich makers and cashiers during a shift to ensure great food in a unique, fast, casual environment.
- Role modeled customer service, brand standard and procedures.
- Educated guests on Which Wich products and flavors.
