

Brady Billeisen

Nashville, TN | (317) 690-6072 | bradybilleisen@gmail.com | www.linkedin.com/in/bradybilleisen/

Technical Skills

JavaScript | Python | HTML | CSS | JQuery | Node.js | Express.js | MySQL | MongoDB | Django | JSON | React
Apollo GraphQL | MERN (MongoDB, Express.js, React, Node.js) Stack | MVC (Model-View-Controller) Framework
Progressive Web Apps (PWA's) | CLI Development | API Development | VS Code | Troubleshooting | Test Cases
Sequelize | RESTful API's | Domain-Driven Design | Responsive Web Design | UI/UX Design | Full Stack Development
Operating Systems | Debugging | Docker | Git | Database Development | Computer Science | Middleware
ORM (Object-Relational Mapping) | OOP (Object-Oriented Programming) | Data Structures | Algorithms | Bootstrap
Tailwind | DOM Manipulation

Soft Skills

◆ Adaptable	◆ Problem Solver	◆ Leadership	◆ Receptive
◆ Creative	◆ Critical Thinker	◆ Detail Oriented	◆ Collaborator
◆ Self-Motivated	◆ Resilient	◆ Open Minded	◆ Communication

Professional Experience (University Projects)

COZY CORNER

Sep 2023

<https://cozy-corner-9b91c31f9b05.herokuapp.com/>

- ◆ Spearheaded a dynamic team of four in conceiving, designing, and implementing a comprehensive application tailored for passionate readers. The platform enables users to seamlessly search, share insights, review, and engage in discussions about their current and anticipated reads.
- ◆ Employed the MERN (MongoDB, Express.js, React, Node.js) stack, leveraging the power of JavaScript and React.js for a robust and responsive user interface. Developed a RESTful API using Express.js and Apollo Server, ensuring efficient communication between the front-end and back-end
- ◆ Assumed a leadership role in steering the front-end development, collaborating closely with a team of three back-end engineers to ensure a cohesive and polished user experience.
- ◆ Delivered a captivating and professional pitch to both the class and instructor, showcasing the application's innovative features and user-centric design. Successfully deployed the application on Heroku, demonstrating proficiency in project presentation and deployment processes.

GRANULAR GARDEN

Aug 2023

<https://frozen-tor-00446-d883d20dd32e.herokuapp.com/>

- ◆ Collaborated with a dynamic team of four to conceptualize and bring to fruition a groundbreaking music streaming platform that prioritizes both artists and users alike.
- ◆ Applied the Model-View-Controller (MVC) framework, employing JavaScript, Handlebars, CSS, Express.js, and Node.js to craft a seamless and intuitive user experience. Developed a RESTful API with MySQL as the database and utilized Sequelize ORM for optimal data management.
- ◆ Demonstrated leadership by overseeing front-end development and proactively troubleshooting back-end errors in collaboration with a team of three dedicated back-end engineers. This multifaceted role ensured a smooth integration of features and a resilient, error-free application.
- ◆ Delivered an engaging and professional pitch to the class and instructor, effectively showcasing the platform's unique features and user-centric design. Executed the successful deployment of the application on Heroku, highlighting proficiency in both presentation and deployment processes.

ESO CLASSGUIDES

Jun 2023

<https://brady-billeisen.github.io/eso-class-guide-app>

- ◆ Conceptualized and executed a dynamic front-end application catering to Elder Scrolls Online players, providing valuable insights by curating the most popular and relevant posts from Reddit and YouTube based on their chosen character class.

- ◆ Utilized a technology stack featuring JavaScript, JQuery, HTML, CSS, and Bootstrap to create an interactive and user-friendly interface. Integrated Reddit's API and YouTube's API seamlessly to enhance the application's content with real-time updates.
- ◆ Demonstrated technical proficiency and innovation in implementing a solution tailored to the gaming community's specific needs.
- ◆ Delivered a compelling and professional pitch to both the class and instructor, effectively communicating the app's unique value proposition and user-centric design.
- ◆ Successfully deployed the application using GitHub Pages, showcasing expertise in version control and deployment strategies.

Work Experience

GUITAR CENTER/MUSICIANS FRIEND Indianapolis, IN

2020-2022

Outside Sales Advisor/Account Executive

- ◆ Provided sales support and exceptional customer service to a sophisticated portfolio of band and orchestra players, as well as businesses such as clubs and churches.
- ◆ Consistently led the sales team and maintained a top-20 ranking out of 500 sales associates in the company for six consecutive months.
- ◆ Won a companywide sales contest and received a performance bonus for leading the company in Asurion coverage attach rates.
- ◆ Generated \$500k in sales within the first year while consistently meeting daily call goals of 80 outbound and 20 inbound calls.

MCCONNELL'S FINE ICE CREAMS Pacific Palisades, CA

2019-2020

Assistant Store Manager

- ◆ Trained, coached, and developed team members, fostering a positive company culture.
- ◆ Delegated tasks and closely monitored performance to ensure efficiency and adherence to company standards.
- ◆ Managed inventory levels and facilitated ordering processes to ensure smooth operations.

HOTBOX PIZZA Westfield/Whitestown, IN

2017-2019

Manager

- ◆ Led a team of pie makers, cashiers, and delivery drivers while maintaining company standards for customer service.
- ◆ Managed all cash inventory through each shift and responsible for paying out employees for their shift as well as managing bank deposits.
- ◆ Oversaw product inventory levels while maintaining items needed for that given night were prepped and ready to go.

EDUCATION

Vanderbilt University Coding Bootcamp | Apr 2023 – Oct 2023

Certificate in Full Stack Development – GPA 3.85

Relevant Coursework: Software Engineering, Operating Systems, Algorithms, Data Structures, System Design

Hack Reactor Software Engineering Bootcamp | Aug 2022 – Jan 2023

Transferred to Vanderbilt University Coding Bootcamp

Carmel High School | May 2017

Core 40 Diploma
